SM770A

TERANISHI

SM770A

▶ *The legs are the second heart!*

The foot is an important organ, responsible for the good and bad sides of whole body's blood circulation. Blood pumped from the heart circulates inside the body, goes through the soles and back to your heart.

▶ *A foot massager that meet the professional skills!*

Teranishi's foot massager "SM770A" with various high, low, big and small protuberances with tourmaline kneading the feet muscles and soles. It provides the improvement of poor blood circulation, the cause of swelling and dullness.
